It features a simple, turn-knob design that punctures metal easily and runs smoothly once in place. Comfort-wise, it has oversized handles that are covered in cushioning to absorb some of the pressure from the can, making it easy to use (aka no hand cramps). The plastic grip on both is very smooth and not textured, but not as slippery as it looks ... If you're anything like me, manually opening cans is the bane of your existence. They're hard to puncture, they catch constantly, and they're often left with treacherous sharp edges. To save you some time, I've scoured through hundreds of reviews and read about these features to ensure that each of my picks does what its manufacturer says. Eu já passei por * muitos outros tipos de chaves de jarras, mas este é o melhor - funciona em praticamente qualquer tampa de parafuso ou tampa, com esforço mínimo e sem danos à dita PAC / LID. A roda de corte afiada é suave e precisa, permitindo fatias intencionais que não deixam bordas serrilhadas para trás. This one is also a great option if you have weaker hands or arthritis. What fans say: "I have arthritis in my hands, especially my thumbs, making it hard to grip a jar lid properly for leverage. This is a matter of having a well-honed blade that can slice through lids easily. The durable components are built to last, and they look good, too. Before making a purchase, there are a couple of key elements to consider. Below are the three best manual can openers I could find. All of which have great bottle openers built in, too. 1The Best OverallOXO Steel Can OpenerAmazonWhat's great about it: With more than 1,500 reviews, this sleek, stainless steel can opener is one of the most popular of its kind on Amazon. Once the can is open, the opener pops off the edge without any effort. 2The Best SplurgePaderno World Cuisine Stainless Steel Can OpenerAmazonWhat's great about it: Whether you need the most effortless option out there or you simply want to treat yourself with the best, this high-end can opener is a luxurious choice. Now all I want to do is open cans. 3The Best Budget OptionFarberware 5211449 Professional Can OpenerAmazonWhat's great about it: If you're on a budget and just want something cheap to open your soups and beans, this affordable steel can opener is the ticket. The handles and the key are large and easy to hold onto. onto.
